"JPII Renewal Center's Parish Mission was characterized by a deep spirituality, the ability to communicate that spirituality to our people, and to communicate an enthusiasm for the Catholic faith that is desperately needed today. I would certainly recommend them to everyone who is looking to revitalize the faith of our Catholic people." -Rev. Michael Lane, Pastor of St. Jude Parish, Joliet IL

"It is hard to find speakers that will connect with high school, college and married people, but they did an amazing job. My people loved the mission, learned so much, and were excited to come back each night!" -Father McMorrow, Pastor, Christ the Teacher University Parish, DeKalb, IL

"A gift for tapping into our basic spiritual hunger for something more than our culture offers so that we can live more authentic, meaningful and vibrant lives!" -Fr. Bob Jones, Pastor, St. Katharine Drexel Catholic Church, Sugar Grove, IL
