

OF LOVE AND MARRIAGE; GOD HAS A PLAN AND YOUR HAPPINESS DEPENDS ON IT

- What was that plan again?
- Did I miss something? Surely there must be more?
- Is it even possible to live out your wedding vows happily in a culture of throwaway marriages—where everything is seen as temporary, even love?

You can find the answers you long for by putting on the "3D" glasses that St. John Paul II blessed us with. Glasses that enable us to see that our deepest 'desires' have been put there by 'design' to lead us to our 'destiny'.

Join us as we explore God's beautiful 'design' for love and marriage that is very different from what our world would lead us to believe and has the power to transform our marriages into what we (and God) hoped they would be.

Come experience a deeper understanding of God's plan for Love, Marriage and the Family and develop a renewed vigor in your marital love, while growing in your intimacy with God.
